Dave,

Thank you for the information. Our organization would very much like to be involved in the process. We have a wide range of experience in this issue and as you know, recently hired a former Navy JAG, Taryn Meeks as our new Executive Director. We believe our voice from the survivor community needs to be part of the conversation on reform. I am attaching various documents for the Panel's consideration, including our 9 Roadblocks to Justice - a document that outlines the major points of failure in the system.

Our entire POD team looks forward to working together with you and the Panel toward reforming and improving the military justice system.

Thank you.

Nancy Parrish
